REQUEST

Dr. Anna Krebsz
Vice-Dean for Education
Honorable Vice-Dean for Education,

Subject: Request to change thesis title

I would like to kindly request the modify of my thesis title. The reason for this request is that during the progress of my research, the scope and focus of my work have become more clear and refined. The new title better reflects the actual content and objectives of my thesis, particularly focusing on robust LiDAR-Inertial localization in GNSS-challenged environments using prior maps.

- Old Title: *"LiDAR-based Map Observation Localization Module for Autonomous Navigation"*
- New Title: *"Robust LiDAR-Inertial Localization with Prior Maps in GNSS-Challenged Environments"*

Place, date: Netherlands, Enschede
April 14 , 2025

Yours sincerely,

signature

Subject: Request for Support to Modify Thesis Title

Dear Istenes,

I hope you are doing well.

I have decided to modify the title of my master thesis to better reflect the focus and direction of my current work. Accordingly, I have prepared the official request form for the title change.

Could you please kindly add your support and signature to the attached form (both in text and with signature)?

Here are the details of the modification:

- Old Title: *"LiDAR-based Map Observation Module for Autonomous Navigation"*
- New Title: *"Robust LiDAR-Inertial Localization with Prior Maps in GNSS-Challenged Environments"*

Thank you very much for your support!

Best regards,

Úzenetelőzmények elrejtése

Istenes Zoltán

Másolatot kap: Ifros Msc

Dear All,

As the supervisor, I approve the title change.

Sincerely:
Zoltán Istenes
